

HEALDSBURG AVENUE BRIDGE PROJECT

An Investment In Public Safety

THE CITY INVITES YOU TO ATTEND A PUBLIC OPEN HOUSE TO LEARN ABOUT PRELIMINARY ALTERNATIVES FOR HEALDSBURG BRIDGE

Since the last open house on March 31, Omni-Means, the City's engineering consultant, has been developing alternatives for the Healdsburg Avenue Bridge Project. Public feedback from the first open house helped shape the preliminary alternatives for the bridge project. These preliminary alternatives will be presented to the public at the April 29th open house.

Please attend the open house and be heard!

- When:** Thursday, April 29, 2010
- Where:** Healdsburg Senior Center
133 Matheson Street, Healdsburg
- Time:** 5:30 to 7:30 P.M.

Staff from the City and the Omni-Means team will be on hand to answer questions about the project alternatives developed from input by the public, the City, and project stakeholders. The process for developing the alternatives and what the next steps are in the Healdsburg Avenue Bridge project will be addressed, as well.

The next public meeting will be held on May 11 at 6:00 p.m. in the Council Chambers at City Hall to receive public comment on the alternatives presented at the April 29th open house.

If you have questions about the meetings please contact Doug Ries, Project Manager, at Omni-Means at (707) 483-2572. For more information about the project, visit www.healdsburgbridge.com.

DISABLED ACCOMMODATIONS: The City of Healdsburg will make reasonable accommodations for persons having special needs due to disabilities or who require translation services. Please contact Maria Curiel, City Clerk, at Healdsburg City Hall 401 Grove Street Healdsburg, California or at (707) 431-3317 at least 72 hours prior to the meeting to ensure the necessary accommodations are made.
